

# PLASMA MADE<sup>®</sup>

*Absolute Science*

A revolutionary cooker hood filter system

Revolutionary technology means that a PlasmaMade filter performs as efficiently as a ducted hood.

**Lasts up to 15 years!**

## WHAT IS PLASMA TECHNOLOGY?

After years of development, PlasmaMade launched in 2013 with a completely new way to extract in the kitchen.

The PlasmaMade Plasma Series eliminates not only cooking odours but also pollen and bacteria by using four techniques:

1. The plasma converts the O<sub>2</sub> molecules to O<sub>3</sub> molecules, eliminating odour particles.
2. An electrostatic outer core creates ions that pass through the cooking air.
3. Our electrostats with their fiberglass core allow us to capture and store coarse pollutions & grease

and slowly eliminate these by means of electrodes in a steel inner and outer grid.

4. Last, the carbon outer core cleans the air and removes any residues, allowing our filter to completely eliminate both coarse and ultrafine pollutions.

Many filters only use one of these methods, which is what makes our revolutionary PlasmaMade system so unique.

## THE FILTERS & THE BENEFITS

- ✓ No reduction in efficiency (compared to a charcoal filter)
- ✓ Recirculates air back into the room making it more environmentally friendly (added bonus of saving money on your heating bill)
- ✓ The filters can be mounted horizontally or vertically
- ✓ Eliminates odours, pollen and bacteria, providing not just extraction but filtered clean air.
- ✓ Comes with a 5 Year Warranty
- ✓ 12v Electrical Connection

### GUC 1214

Dimensions	Mounting	Mounting Adapter
300 X 210 mm	150 mm	150 mm
Weight	Max Extraction	Lifespan
2360g	1000	10 - 15 years

\*Suitable for wall, island, ceiling and integrated hoods.

### GUC 1314

Dimensions	Mounting	Mounting Adapter
96 x 372 x 341 mm	230 x 80 mm	222 x 89 mm 220 x 90 mm 230 x 80 mm
Weight	Max Extraction	Lifespan
3120g	1000	10 - 15 years

\*Suitable for ceiling, downdraft and venting hobs.

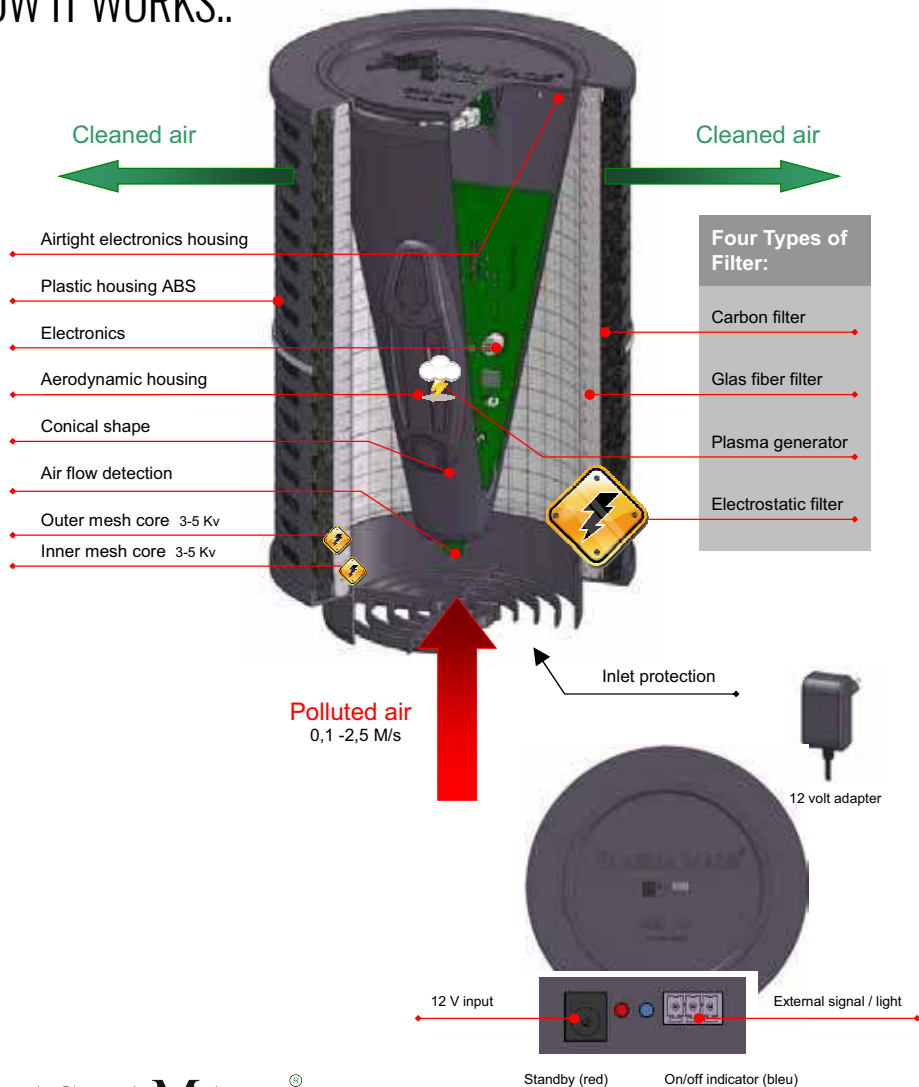

### GUC 1212

Dimensions	Mounting	Mounting Adapter
195 x 180 mm	100 mm	150 mm 100 mm
Weight	Max Extraction	Lifespan
1548g	600	10 - 15 years

\*Suitable for wall, island and integrated hoods.

# HOW IT WORKS..
